                C                      G  
Well you only need the light when it's burning low  
                D                      Em  
Only miss the sun when it starts to snow  
                C                      G      D  
Only know you love her when you let her go

Only hate the road when you're missin' home

```
Em                      C  
Staring at the bottom of your glass  
                D                      Bm  
Hoping one day you'll make a dream last  
                Em                      C      D  Dsus4 D  
But dreams come slow and they go so fast

You see her when you close your eyes

And you dived too deep
